MEI ADVANCE  
**BEAUTY LABORATORY**

The new frontier of organic phytocosmetics is to guarantee the result with 100% pure vegetal active ingredients.

MEI AD+ Intensive Treatment is the innovative line of ultra-performing and anti-imperfection facial treatments. The most advanced solutions to create customizable treatments, thanks to the powerful BOOSTERS based on bio-molecules and botanical peptides, super concentrated with anti-aging action.

A series of intensive treatments, with five different specific actions, which will be able to visibly improve the skin... "drop by drop".

In our laboratories, from precious vegetable ingredients, we select the most effective bio-molecules that concentrate the officinal powers of the phytocomplex.

Each active ingredient is meticulously prepared, in its optimal concentration, to guarantee unparalleled and long-lasting results.
